

## **Our Ofsted Reports**

Our latest OFSTED inspection for **nursery** took place in September 2022 and rated our provision as Good. This is the inspection in a row which has given this rating.

This is the second highest award given by Ofsted and we continue to work together with parents and the community to make improvements in our aim to achieve Outstanding status.

Quotations from the Ofsted report (2022):

***Children are well cared for by a kind, caring, attentive staff team***

***Children show confidence and behave well as they relate well to the staff team***

***Parents speak very highly of the staff team***

***Children are supported to develop the fundamental core skills to support their future development***

***Staff focus on supporting children to develop secure bonds with their key person***

***Children engage in a range of interesting play experiences***

Our most recent Ofsted inspection in **After School club** was carried out in November 2023. This inspection found that all required EYFS standards are being MET. There is no longer a grading system in place although we have always been rated 'Good' in previous inspections.

Some quotations from this report are:

***Children are happy, safe and well cared for in this after school club. Children arrive excited to start their session***

***Staff get to know children well and are affectionate and kind***

***The environment is stimulating and busy. Staff respond sensitively to children's energy levels***

***Children are supervised well and have free access to the large outside area. Staff encourage to play outside in all weathers***

***Children have freedom, develop their independence and learn to assess and manage risks***

***Children are curious and engaged, and make choices about how they spend their time***
